- - - FUND TYPE: ENTERPRISE FUNDS - - -

Enterprise Funds are proprietary funds that account for operations (a) financed and operated in a manner similar to private-sector business entities - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed primarily through user charges; or, (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

ELECTRIC UTILITY FUND

Mandated by chapter 12 of the City Charter, the Electric Utility Fund provides financial accountability for a municipally-owned electric generating facility and distribution system that supplies electrical power to residential, commercial, industrial, and other users. The City has entered into agreements with several of the surrounding governmental jurisdictions to supply electrical power to various residential, commercial, and industrial areas outside of the City.

By way of a Joint Venture with the Michigan Public Power Agency, contractual arrangements have been adopted with other electric generating companies and authorities for the purchase of additional electricity to meet anticipated local requirements into future years, and also to sell excess electrical capacity generated locally.

Outstanding long-term debt is reflected in this fund in the form of electric system revenue bonds payable. This fund provides financial accountability for revenues, expenses, and balance sheet items.

This utility is managed and operated by a Board of Public Works appointed by and responsible to the City Council.

WASTEWATER UTILITY FUND

The Wastewater Utility Fund provides financial accountability for a municipally-owned sewage treatment facility and collection system that services residential, commercial, industrial, and other users within the City of Holland.

In 1979, a joint agreement was established between the City of Holland and surrounding townships to expand the sewage treatment plant, and provide sewage collection services to an expanded area. In 1994 and 1995 these same governing units took action to construct another large expansion of the treatment plant capacity to service the ever-increasing volumes of sewage treatment requirements.

Because the City of Holland retains significant control within the governing body of the system, together with responsibility for system operations, the Wastewater Utility Fund is accounted and reported as an entity of the City.

Outstanding long-term debt is reflected in the form of assessment payable to County of Ottawa for 70% commitment of debt service for a county sewage bonds. This fund provides financial accountability for revenues, expenses, and balance sheet items.

This utility is managed and operated by a Board of Public Works appointed by the City Council.

WATER UTILITY FUND

Mandated by chapter 12 of the Holland City Charter, the Water Utility Fund provides financial accountability for a municipally-owned water treatment facility and distribution system that supplies water – drawn from Lake Michigan and treated for cleanliness – to residential, commercial, industrial, and other users within the City of Holland.

The City of Holland has entered into joint agreements with several of the surrounding governmental jurisdictions for the sale and distribution of water to various areas outside of the City.

In response to projected significant increases in demand for water usage by both residential and commercial/industrial customers, additional long-term debt (Water Utility Revenue Bonds) was issued during fiscal year 2005 to finance the expansion of water treatment capacity, together with installation of additional primary watermain lines.

This utility is managed and operated by a Board of Public Works appointed by the City Council.

- - FUND TYPE: ENTERPRISE FUNDS - - -

(continued)

REFUSE AND RECYCLING PICKUP FUND

Since 1992, the City of Holland has administered a mandatory refuse and recycling pickup program for all single family residences, as well as multi-family residential units. Each residence is provided the choice of using either refuse bags or municipally-owned refuse containers, plus a recycling container.

At June 30, 2005, the residential customer count for this service is:

- Single-family residences and multi-family housing developments of up to 4-family units = 8,826
- Multi-family housing developments of greater than 4-family units =

3

The entire pickup and hauling operation is contracted to one private sector hauler, with options for contract extension if stipulated by both parties. Administration, billing and collection functions are performed by the City; with payment made to the hauling firm at the conclusion of each month.

Additionally, this fund accounts for the financing and costs of an annual one-day program referred to as *Project Pride*. This program provides residents opportunity to dispose of unwanted scrap household items (such as old appliances, furniture, etc) as well as hazardous household waste items (such as old paint, turpentine, or various chemical items).

This fund provides financial accountability of revenues, expenses, capital outlays, and balance sheet items.

WINDMILL ISLAND FUND

Since 1964, the City of Holland owns and operates a public attraction referred to as Windmill Island that exhibits an imported authentic operating windmill from The Netherlands, along with various authentic Dutch buildings and facilities. This attraction remains open approximately six months from May thru October, providing visitors with an authentic recreation of picturesque structures, architectures and landscaping similar to that found in The Netherlands approximately 100 to 200 years earlier.

Presently there is no long-term debt outstanding for Windmill Island. Two earlier revenue bond issues (originally issued in 1964 and 1988) had financed major acquisitions, developments and enhancements for Windmill Island. Management continually studies ideas and concepts regarding the most feasible and prudent uses for Windmill Island. During fiscal year 2005, a new 40' x 80' open space facility – referred to as the 'Pavilion' – was acquired and constructed, primarily financed from fund reserves. This facility is proving to be a popular attraction for private-party events (such as weddings and company picnics). Projected rental income from event usage indicate a relatively quick payback of costs.

The revenue base for Windmill Island consists of admission fees, concession fees, and other miscellaneous revenues; together with an annual General Fund transfer to subsidize operating deficits.

This fund provides financial accountability of revenues, expenses, capital outlays, and balance sheet items.

DEPOT OPERATIONS FUND

The City of Holland owns and operates a renovated railroad depot located on the main street of the downtown area. Referred to as the Holland Transportation Center, this facility provides:

- a passenger loading/unloading stop for Amtrack Railroad Greyhound Bus –, MAX local-area bus system
- administrative offices for the local Tourist Bureau / Tulip Time Festival.

Financing is received primarily from office and building space rentals, together with transfers from other City funds. Outlay items include general operating, maintenance, and security. No long-term debt exists in this fund.

This fund provides financial accountability for revenues, expenses, and balance sheet items.

- - - FUND TYPE: ENTERPRISE FUNDS - - -

(continued)

MUNICIPAL AIRPORT FUND

Since 1986, the City of Holland has owned and operated the Tulip City Airport. The initial purchase and major enhancements to the airport have been financed primarily by grants from the Federal Aviation Administration and the Michigan Bureau of Aeronautics, along with several contributions from the private sector. Per requirements of a City Charter amendment, no local tax dollars may be used for airport purposes without specific voter approval.

This fund provides financial accountability for certain operational and maintenance expenses of the airport facility. Revenues are generated as a result of contractual agreements for uses and privileges at the airport. An annual franchise fee is paid to this fund by a Fixed Base Operator (FBO), a private sector company that is given authorization by the City to manage and operate the airport. In exchange for the franchise fee, the FBO is authorized to retain profits from various airport operations, such as aircraft maintenance, flight training, charter flights, aircraft storage, gasoline sales, etc. Other revenue sources include *T-Hanger* leases, private hanger land-leases, and agricultural land-leases.

The Michigan Bureau of Aeronautics administers and provides financial oversight/accounting of major capital acquisitions and improvements to the airport. However, this fund reflects the total capital assets and contributed equity for acquisitions and major improvements.

Two long-term *Installment Purchase Obligation* debt instruments (originally issued in 1989 and 1995) provided financing for construction of three T-Hanger buildings for smaller-sized aircraft. At June 30, 2005, there remains an outstanding liability balance on the 1995 obligation; whereas the final maturity on the 1989 obligation occurred in fiscal year 2005. Debt service is financed by monthly rental income received from users of the T-Hanger facilities.

This fund provides financial accountability for revenues, expenses, and balance sheet items.

MACATAWA AREA PUBLIC TRANSIT SYSTEM FUND

The City of Holland, together with the neighboring municipalities of Holland Charter Township and City of Zeeland, have entered into a joint agreement to provide public busing transportation services. This system is officially titled the Macatawa Area Express System ("MAX" = short-name).

The MAX serves the citizens of these communities with both a fixed-route bus system, as well as a demand-response personalized system. The system is meant to benefit all local area citizens, but especially seniors, handicapped, and low-income people for whom local mobility would otherwise be impeded or near impossible. Various passenger fare ticket programs are made available that provide both a cost-savings and more efficiency for using the system, especially for routine and frequent users.

Daily administration and operations is contracted to a private-sector firm to perform this function, to include routine management, dispatching, and hiring & supervision of drivers.

The program is heavily subsidized by federal & state assistance grants, together with local property taxation. Passenger fares generate a small portion of total revenues. No long-term debt presently exists for this fund.

This fund provides financial accountability for revenues, expenses, and balance sheet items.

- - - FUND TYPE: INTERNAL SERVICE FUNDS - - -

Internal Service Funds are used to account for the financing of services provided by one department or activity to other departments or activities of the City, and/or to other governmental units on a cost-reimbursement basis. These types of funds are established, managed, and operated as a proprietary type operation, providing financial accountability for revenues, expenses, and balance sheet items.

COMPUTER SERVICES FUND

The Technology Services Dept provides computer-processing capabilities to several departments and programs; and to a small extent, to other local area governmental units.

Basic functions of the Technology Services Dept include

- · administration, maintenance, and development of entire computer system
- centralized server-driven systems for local area networking and for specific software applications
- · end-user client equipment such as PC's and remote printers
- internet access
- · website development, modifications, and routine updating of information
- · g.i.s. and mapping capabilities
- · assistance in evaluating and purchasing commercial software systems
- · software training sessions and assistance.

Established user fee charges to departments include the following elements:

- · accumulated amount of disk-access space used
- · in-house staff time that is responsible to:
 - maintain a multiple server system and network system
 - maintain sufficient storage capability on the City's network system to accommodate all City users
 - maintain and service PC's located at individual workstations throughout the City departments
 - maintain functionality of various proprietary software programs loaded on computer center servers
 - develop & maintain an Internet capability, to include the City's website.
 - develop & maintain a G.I.S. system
- annual surcharges (assessed to all user departments) for the purpose of maintaining reserves for future new and/or replacement acquisitions.

This fund provides financial accountability for revenues, expenses, and balance sheet items.

PHOTOCOPY SERVICES FUND

Departments and offices of the City have access to various console and desktop photocopying equipment that serves most departmental photocopying requirements.

Established user fee charges to departments include the following elements:

- recovery of costs for supplies, such as photocopier paper, machine toner, etc.
- · recovery of overhead costs for maintenance to equipment
- surcharge to accumulate reserves for future equipment replacements.

This fund provides financial accountability for revenues, expenses, and balance sheet items.

- - FUND TYPE: INTERNAL SERVICES FUNDS - - -

(continued)

POSTAGE SERVICES FUND

An automated postage meter machine provides centralized support services to all City Hall departments for U.S. Postal Service mailing purposes. Applicable postage rates are affixed to individual pieces of mail by the metered machine.

Established user fee charges to departments include the following elements:

- · recovery of actual postage use, as recorded by the equipment with each use
- · recovery of overhead costs for meter-box rental, operating supplies, and equipment maintenance

This fund provides financial accountability for revenues, expenses, and balance sheet items.

COMMUNICATION SERVICES FUND

A networked telephone system provides internally connected voice communication services for most departments and activities of the City, as well as communications outside the network. Driven by in-house phone servers, the system provides multiple capabilities for communicating both inside and outside the network. The City has entered into a contractual arrangement with *Choice One Communications* as the communication link and processor for all incoming and outgoing phone calls and fax messages outside of the network, to include both local-area and long-distance outgoing calls.

Also captured are operating costs across all departments for usage of cellular phones, pager units, fax machines, as well as modems for computers and credit card validation machines.

Established user fee charges to departments include the following elements:

- recovery of costs billed to City of Holland by Choice One Communications
- surcharge to accumulate a sufficient reserve for system maintenance.

This fund provides financial accountability for revenues, expenses, and balance sheet items.

FUEL DISPENSING

By formal agreement, the *City of Holland* and *Holland Public School District* share the operating, maintenance, and capital costs for underground storage tanks and automated fuel dispensing systems. The fuel storage and dispensing facility is located at the site of the *Holland Public Schools – Transportation Center*.

Fuel is purchased in bulk quantities, and stored in large underground tanks. Users (departments) are billed monthly for gasoline and diesel fuel, as recorded and summarized by computer-generated records of gallons dispensed.

Established user fee charges to departments include the following elements:

- · recovery of actual fuel dispensed, using a first-in first-out method of inventory accounting
- · recovery of administrative overhead costs to operate the system
- surcharge to accumulate reserve for future replacement of equipment and underground tanks

The contractual arrangement between the City and School District for shared facility and operation is determined not to be a joint-venture operation, as defined in *Governmental Accounting Standards Board (GASB) – Statement No. 14*.

This fund provides financial accountability for revenues, expenses, and balance sheet items.

- - FUND TYPE: INTERNAL SERVICE FUNDS - - -

(continued)

CENTRALIZED VEHICLE/EQUIPMENT FUND

The following activities comprise the operations and assets of this fund:

GENERAL VEHICLE & EQUIPMENT POOL

- All vehicles & equipment assigned to this pool are fixed assets (minus depreciation) of this fund.
- Several departments are provided with specifically assigned vehicles and/or equipment. Detailed accounting is maintained for each such vehicle or equipment item. Also included in this pool are a certain number of unassigned vehicles made available for sign-out by any department with a mileage fee assessed. An annual flat-fee 'rental and use charge' is assessed to respective departments for each individual vehicle or equipment item.
 - Vehicles and equipment assigned to this pool (other than signout cars) are assessed an annual flat-fee for:
 - > recovery of fuel costs
 - > recovery of overhead costs for vehicle/equipment maintenance and upkeep
 - > surcharge to accumulate reserve for future replacements of vehicles/equipment.

☐ STREETS VEHICLE & EQUIPMENT POOL

- All vehicles & equipment assigned to this pool are fixed assets (minus depreciation) of this fund.
- State of Michigan Act 51 of 1951 (as amended) requires identifiable accounting for vehicles & equipment dedicated to street maintenance & construction. Detailed accounting is maintained for each such vehicle or equipment item. Michigan Dept of Transportation (MDOT) annually provides a mandatory schedule of hourly 'rental and use' rates applicable to each individual type of vehicle or equipment for actual time of use.
 - Vehicles and equipment assigned to this pool are assessed an established hourly rate for:
 - > recovery of fuel costs
 - > recovery of overhead costs for vehicle/equipment maintenance and upkeep
 - > surcharge to accumulate reserve for future replacements of vehicles/equipment.

☐ CENTRAL MAINTENANCE ACTIVITY

- A centralized vehicle & equipment maintenance activity is operated at the City's Transportation Services facility. Various support staff (including several vehicle & equipment mechanics) are permanently assigned to this function.
 - The mechanics staff performs virtually all maintenance service work for the two Vehicle & Equipment Pools described above; and their services are compensated from the fee structures as described above for each of the two pools.
 - In addition, the mechanics perform maintenance services for vehicles & equipment that are not assigned to either of the two pools (such as the MAX Bus Transportation Services System and the City's Fire Emergency Vehicles). Annually an internally-determined hourly rate is established using a 'Cost Allocation Plan' that is acceptable to state & federal agencies providing grant subsidies to the MAX Transportation System). This rate is charged to the appropriate agency for mechanics time to provide repair and maintenance services on vehicles & equipment outside of the two pools described above.

This fund provides financial accountability for revenues, expenses, and balance sheet items.

FIRE VEHICLES & EQUIPMENT POOL FUND

The Fire Vehicle and Equipment Pool provides a centralized vehicle and equipment support service for the Holland Fire Department. This fund provides financial accountability for cash reserves, for purchase of additional or replacement emergency vehicles, and for major renovations to emergency vehicles.

Primary financing for this fund is an annual operating transfer from the General Fund derived from a schedule – updated annually – projecting both short-term and long-term cash requirements. Other revenue sources may include Sale of Existing Capital Assets and Investment Income.

- - FUND TYPE: INTERNAL SERVICE FUNDS - - -

(continued)

WORKERS COMPENSATION FUND

The City of Holland provides workers compensation insurance coverage through a first-dollar coverage (no self-insured retention) commercial plan with *Accident Fund of Michigan*. Claims are administered by this carrier. The policy provides specific and aggregate coverage limits up to the maximum level requirements, per state statutes.

Revenues to this fund are generated primarily from internally-developed premium charges to various governmental and proprietary funds. Expenses of the fund include commercial insurance premiums on the current policy.

A small number of medical / indemnity claims of prior years have continued to linger (retroactive to a time the City's workers compensation coverage was partially self-insured). However, all such claims have reached the stop-loss limits of self-insured coverage, thereby transferring further claim payment burden to a commercial insurance carrier.

EMPLOYEE DISABILITY INCOME PROTECTION FUND

The City of Holland provides a short-term disability income protection coverage through a fully self-funded plan, with the City acting as the administrator. For a legitimate and certified disability, the plan provides for 65% of the employee's gross weekly income (up to \$900), but only after the employee's accumulated sick leave balance is exhausted and a minimum of 30 calendar days of disability has elapsed.

The 'short-term' disability coverage continues for up to a maximum of 48 weeks. A commercial long-term disability plan then provides continuation of coverage, providing 60% of the first \$10,000 of employee's monthly income, up to age 65. The commercial carrier for this plan administers disability claim cases.

Revenues to this fund are generated from internally-developed premium charges to various departments and funds. Expenses include disability income claims, as well as commercial insurance premiums for long-term income protection.

EMPLOYEE & RETIREE HEALTH / DENTAL FUND

Medical/dental insurance is provided for full-time employees and dependents, as well as for retirees, through a partially self-funded plan, with claims administration contracted out to *Blue Cross Blue Shield of Michigan (BCBSM)*. A commercial policy with BCBSM provides a specific stop-loss threshold on individual policies, and an aggregate stop-loss threshold on the entire City of Holland group plan.

Financial planning takes into consideration probable claims and potential worst case scenarios to assure adequate funding to meet medical and dental claims. Revenues to this fund are generated primarily from internal premium charges to departments and funds, to certain employees and retirees with required premium co-payments. Expenses include payments for claims, administrative claim-handling fees, and commercial insurance premiums for stop-loss (excess) coverage's. Various co-pays for certain claims are delineated in the policy.

As a methodology for establishing internal premium rate structure for employer/employees/retirees for an ensuing calendar year, a determination is made to project a fund reserve that is equivalent to approximately 25% of the new calendar year Projected Aggregate Exposure, as calculated. In this process, 'Illustrative Rates' provided by BCBSM, together with the fund balance cash reserves as of the most recent June 30th are examined as a starting point. If the June 30 cash reserves balance exceeds 25% of the new calendar year Projected Aggregate Exposure, then 'Illustrative Rates' can be adjusted downward to – in effect – reduce the reserve balance of the next June 30 date. If the June 30 cash reserves balance is less than 25% of the Projected Aggregate Exposure, then the 'Illustrative Rates' can be adjusted higher to – in effect – increase the reserve balance of the next June 30 date. Notwithstanding this methodology for establishing internal premium rate structures, for the past three years the 'Illustrative Rates' as provided by BCBSM have been implemented without adjustments.

- - - FUND TYPE: INTERNAL SERVICE FUNDS - - -

(continued)

VEHICLE DAMAGE & LIABILITY FUND

The City of Holland partially self-insures for the cost of repairs or replacement to its damaged vehicles, other than fire emergency vehicles and *Macatawa Area Express (MAX)* public transportation system buses. Claims administration is handled internally by City staff, unless excess coverage or liability claims are involved. No commercial excess coverage is purchased for damages to City vehicles, with the exception of coverage for fire trucks and MAX public transportation system buses, for which a \$1,000 deductible threshold has been established.

A commercial policy provides aggregate coverage for the remote possibility of an entire group of vehicles being simultaneously damaged in a single disaster. The same policy provides first dollar liability coverage for all personal injuries and for property damages to other parties, up to specified coverage limits for 'per occurrence' and 'aggregate'.

Revenues to this fund are generated primarily from internally-developed premium charges to various departments and funds.

Expenses are primarily for self-retention vehicle damage claims, as well as commercial insurance premiums for stop-loss (excess) coverage.

PROPERTY DAMAGE FUND

The City of Holland partially self-insures coverage for the cost of repairs or replacement to its damaged property (other than vehicles). Claims administration is handled internally, except when a claim for excess coverage would be involved. Commercial umbrella coverage is purchased for damages in excess of a \$100,000 retention, per occurrence. The commercial umbrella policies designate specific upper limits of coverage based upon the type of property line. Commercial excess coverage policies provide an aggregate coverage across all municipally-owned property (excluding the Electric Generating Plant and Municipal Airport Property, which are insured under a separate policies outside of this fund).

Revenues to this fund are generated primarily from internally-developed premium charges to various departments and funds.

Expenses are primarily for self-retention property damage claims, as well as commercial insurance premiums for stop-loss (excess) coverage.

GENERAL LIABILITY & PROFESSIONAL LIABILITY FUND

The City of Holland partially self-insures coverage for the cost of General Liability claims against the City. Coverage's for Public Officials Liability and Law Enforcement Liability are also included in this fund. Administration of claims is handled by a contracted third-party administrator. Commercial insurance coverage is purchased for each individual claim occurrence that exceeds a self-funded retention of \$100,000. The commercial policies provide stop-loss protection at \$100,000 'per occurrence' and 'aggregate' after \$500,000 of individual occurrences. The commercial policies also provide additional 'umbrella coverage' up to \$15,000,000 'per occurrence'.

Revenues to this fund are generated primarily from internally-developed premium charges to various departments and funds. Expenses are primarily for payment of liability claims of the general public related to injuries and/or damaged property resulting from administrative errors & omissions, faulty design, negligence, carelessness, etc. Expenses also include commercial insurance premiums for stop-loss (excess) coverage.

(Concluded)

- - - FUND TYPE: FIDUCIARY FUNDS - - -

Fiduciary Funds account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Included are:

- expendable trust funds (both principal & earnings are spendable)
- non-expendable trust funds (only earnings are spendable)
- · agency funds

CURRENT TAX COLLECTIONS FUND (an Agency Fund)

The Current Tax Collections Fund performs the role of a central receiving agency for collection and disposition of all current year property taxes that are levied on the City of Holland tax roll.

Receipts include property taxes that are collected on behalf of various local area district library, local area swimming pool authority, local area public schools, an intermediate school district, state education, two counties, as well as the City of Holland. Collections of special assessment installments are also recorded in this fund.

Distribution payments are made semi-monthly to each of the respective taxing jurisdictional units, as determined from analysis of software-generated detail.

OUTSIDE AGENCIES COLLECTIONS FUND (an Agency Fund)

This fund performs the role of a central receiving agency for collection and disposition of various delinquent taxes, assessments, and certain other designated revenues of other governmental jurisdictions and authorities.

Receipts include such items as delinquent personal property taxes, mobile home park monthly fees, dog license fees, advance payments on unbonded special assessments, and state food license fees.

Distribution payments are made to the respective governmental units at the conclusion of each calendar month, as determined from analysis of software-generated detail.

EMPLOYEES FLEXIBLE SPENDING AGENCY FUND (an Agency Fund)

Section 125 of the Internal Revenue Code authorizes an employer to establish an *Employee Flexible Spending Account Plan* to receive designated funds from employee pre-tax withholdings, and to disburse payments for eligible employee expenses. Costs for dependent child care and various medical expenses are considered eligible under this plan.

A contracted third-party administrator provides a record-keeping service for all transactions of each employee, to include analysis and approval of individual expense submittals from each of the employees. Upon approval and preparation of flex reimbursement checks to the employees for eligible expenses incurred, the third-party administrator bills the City of Holland for the total of all flex reimbursement checks written for a particular time period.

Employee payroll withholdings may also be designated for required employee premium payments to the City's Self-Funded Employee Health & Dental Insurance Plan. Such employee payments are not disbursed to the third-party administrator, but are distributed directly to the City's self-insurance fund.

This fund performs the role of custodial agent for unexpended employee cash withholding balances, together with financial accountability of employee withholdings (deposits into the fund) and reimbursements to employees for eligible expenses incurred (disbursements from the fund).

- - - FUND TYPE: FIDUCIARY FUNDS - - -

(continued)

IMPREST PAYROLL FUND (an Agency Fund)

This fund provides custodial agent accountability for total cash of each individual payroll.

Receipts into the fund include payment received from each of the City's funds to which gross payroll amounts are charged.

Disbursements out of the fund include:

- payments to various governmental agencies and private-sector entities, representing mandatory and elective withholdings from employees 'gross pay'
- payment of 'net pay' to employees, in the form of checks or as employee-designated electronic direct deposits to financial institutions.

(Concluded)

- - FUND TYPE: COMPONENT UNIT FUNDS - - -

A component unit is a legally separate entity that satisfies at least one of the following criteria:

- The primary government (City of Holland) is financially accountable for the legally separate entity.
- The nature and significance of the relationship between the primary government and the legally separate
 entity is such that to exclude the entity from the financial reporting entity would render the financial
 statements misleading or incomplete.

BROWNFIELD REDEVELOPMENT AUTHORITY FUNDS

The Brownfield Redevelopment Authority Financing Act, State of Michigan P.A. 381 of 1996, as amended, establishes a method for municipalities to facilitate and promote revitalization of .environmentally contaminated and/or blighted and functionally obsolete sites. Two primary tax incentives made available through this legislation include

- (1) State of Michigan Single Business Tax Credits
- (2) a City of Holland Tax Increment Financing (TIF).

By Action No. 01.613 dated September 19, 2001, the Holland City Council adopted a resolution to establish a Brownfield Redevelopment Authority for the City of Holland, together with a governing board of directors. Two funds are established to account for approved Brownfield Project Plans:

- one is to separately record receipt of locally derived tax increment financing monies
- the other is to record payments to developers for reimbursement of eligible costs incurred involving cleanup and/or redevelopment.

A separate fund is established for each approved project site, to record revenues from Tax Increment Financing 'captured property taxes'; and to record reimbursement payments to project developers for authorized redevelopment expenditure outlays. The City's Brownfield Redevelopment Authority Board – together with the State of Michigan – establish parameters for Tax Increment Financing captures and eligible types of reimbursable expenditures to developers.

As of the fiscal year ending June 30, 2005 six individual Brownfield Redevelopment Projects have been approved, with the current status of each project delineated as follows:

| BROWNFIELD REDEVELOPMENT PROJECT SITES | T I F Capture Base Year | Brownfield Construction Activity |
|---|-------------------------------|--|
| 570 East 16 th Street (former General Electric location) | 2002 | In Progress |
| 29 East 6 th Street (former City refuse landfill location) | 2002 | Completed |
| 635 East 48 th Street (former Textron Micromatics location) | 2002 | Completed |
| 345 East 48 th Street (former Lifesavers location) | 2004 | In Progress |
| 13 West 4 th Street (current Steketee VanHuis location) | 2003 | Not Started |
| 573 Columbia Avenue (former Baker Furniture location) [Note: 'Tax Increment Financing' (TIF) capture provisions for this specific project are delayed for up to seven years because this same Brownfield Project is also established as a 'Neighborhood Enterprise Zone' (NEZ), freezing property taxes at a fixed dollar level for the duration of this seven year NEZ period.] | 2004 | In Progress |

- - COMPONENT UNITS - - -

(continued)

DOWNTOWN DEVELOPMENT AUTHORITY FUND

The Downtown Development Authority (DDA) Fund was established in May 1984 with adoption of City Ordinance Number 757, under authority granted by State of Michigan, Public Act 197 of 1975, as amended. The Main Street Program, modeled somewhat after the national program with the same name, is the mechanism used for administering operations and programs, under direction of a DDA board of directors.

Activities include a program for low interest loans to improve both exteriors and interiors of downtown buildings; recruitment of new businesses to downtown area; improved ambiance for shoppers such as assistance with window displays, a sidewalk hanging banners program, improved shopping atmosphere through new and expanded decorations and music; and presentations to area groups and news media which promotes the downtown area. Most activities performed by the DDA are provided for benefit of the private sector.

This fund provides financial accountability for the administration and general operations of the DDA.

HOLLAND HISTORICAL TRUST FUND

Holland Historical Trust is a Michigan non-profit corporation with its own board of directors that is not appointed by the Holland City Council. However, this fund is currently financially dependent upon the City of Holland for a substantial portion of its overall financing.

Primary revenue sources include an annual contribution from the City of Holland - General Fund and bequests from the private sector. The portion of this fund that represents accumulated bequests – with limitations placed upon use of the contributed principal – is established as non-expendable.

This fund provides financial accountability for the administration, operations and general maintenance of two local area historical buildings: Holland Museum and Cappon House.

1.8439 must be added to the city direct rate, for the fiscal year 2005, for all properties in the Downtown Development Authority (DDA) area. This rate applies to approximately 7.5% of the City of Holland's tax base.

* Overlapping rates:

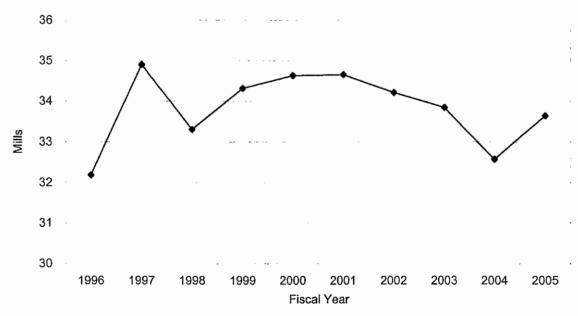

The City of Holland is located in both Ottawa and Allegan County and Holland, Hamilton and Zeeland School District. The county and school tax paid by property owners depends on the location of their property. Approximately 80% of the City of Holland is located in Ottawa County and 20% in Allegan County.

Principal residence rates apply to those homes that are owned and occupied as primary residence. Non-principal residence rates are applied to all other residences.

^{*} See Exhibit C-1 for property value data.

^{**} Population data can be found in Exhibit E-1.

CITY OF HOLLAND DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT AS OF JUNE 30, 2005

| | | | Estimated |
|--|--------------|-------------|---------------|
| | | Estimated | Share of |
| | Debt | Percentage | Overlapping |
| Governmental Unit | Outstanding | Applicable* | Debt |
| Debt repaid with property taxes | | | |
| Ottawa Area Intermediate School District | \$ 7,815,000 | 11.19% | \$ 874,499 |
| Hamilton School District | 32,935,000 | 20.75% | 6,834,013 |
| Holland School District | 25,593,526 | 79.37% | 20,313,582 |
| Zeeland School District | 104,280,000 | 0.02% | 20,856 |
| Allegan County | 30,954,934 | 11.33% | 3,507,194 |
| Ottawa County | 95,194,536 | 7.78% | 7,406,135 |
| Holland Area Community Swimming | | | |
| Pool Authority | 8,615,000 | 79.37% | 6,837,726 |
| Subtotal, overlapping debt | | | 45,794,005 |
| City direct debt | | | 30,586,886 |
| Total direct and overlapping debt | | | \$ 76,380,891 |

Sources: Assessed value data used to estimate applicable percentages provided by the 2005 Allegan and 2005 Ottawa Equalization Reports. Debt outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, within the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Holland. This process recognizes that, when considering the city's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

^{*} For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the city's boundaries and dividing it by each unit's total taxable assessed value.

CITY OF HOLLAND LEGAL DEBT MARGIN INFORMATION FOR THE LAST TEN FISCAL YEARS

| | 1996 | 1997 | 1998 | 1999 |
|--|---------------|---------------|---------------|---------------|
| Debt Limit | \$ 72,438,130 | \$ 76,642,222 | \$ 81,298,703 | \$ 85,960,220 |
| Total net debt applicabale to limit | 14,393,177 | 13,505,910 | 19,736,501 | 21,316,062 |
| Legal debt margin | \$ 58,044,953 | \$ 63,136,312 | \$ 61,562,202 | \$ 64,644,158 |
| Total net debt applicable to the limit as a percentage of debt limit | 24.80% | 21.39% | 32.06% | 32.97% |

Note: The City of Holland is legally indebted for the Building Authority Bonds issued in 1999 and 2004 for the Herrick District Library Expansion Project. Payment of approximately 62.1% of the debt is committed to be paid by three area local governmental jurisdictions based upon an executed Library Support Agreement. A uniform millage rate is levied annually across the four (including the City of Holland) participating governmental units to support this debt repayment. For practical purpose 62.1% of \$6,645,000, or \$4,126,545, should be added to the Legal Debt Margin shown above.

Under state finance law, the city's outstanding general obligation debt should not exceed 10% of total assessed property value.

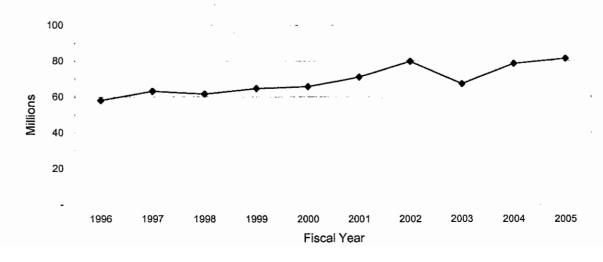

| Legal Debt Margin | Calculation | for Fiscal | Year | 2005 |
|-------------------|-------------|------------|------|------|
| | | | | |

| | |
|--------------------------------------|---------------------|

November 4, 2005

Members of the City Council City of Holland Holland, Michigan

In planning and performing our audit of the financial statements of the City of Holland for the year ended June 30, 2005, we considered the City's internal control to determine our auditing procedures for the purpose of expressing an opinion of the financial statements and not to provide assurance on the internal control.

However, during our audit we became aware of several matters that are opportunities for strengthening internal controls and operating efficiency. We previously reported on the City's internal control in our report dated November 4, 2005 on the financial statements of the City of Holland. This letter does not affect our report dated November 4, 2005 on the financial statements of the City Holland.

We will review the status of these comments during our next audit engagement. We have already discussed these comments and suggestions with various personnel, and we will be pleased to discuss them in further detail at your convenience, perform any additional study of these matters, or to assist management in implementing the recommendations.

Our comments are summarized as follows:

NEW ACCOUNTING STANDARDS

The Governmental Accounting Standards Board recently issued Statements No. 43 Financial Reporting for Post Employment Benefit Plans other Than Pension Plans. Statement No. 43 will become effective for the City for fiscal year 2007-2008 and will require additional disclosure, an actuarial evaluation of those employee benefits granted to retirees and additional expenditure recognition in the government-wide financial statements. We have discussed this new statement with your staff and we will be working with your staff to implement this new accounting standards.

CASH RECEIPTING PROCESS

During our audit we observed cash receipting policies and procedures at various decentralized collection sites. Based on these observations and various other procedures we suggest that additional policies be implemented to strengthen internal controls. The following is a summary of suggested policies and observations:

- A formal cash receipts policy should be in place at each location describing the City's expectations of
 employees handling cash as well as the proper procedures to be followed.
- The City should require use of a "For Deposit Only: City of Holland" stamp at all locations accepting checks.
- The City should consider notification/signage which identifies that customers should receive a receipt with each purchase (at applicable locations).
- At the police department, we noted that cash collected is not reconciled to the receipts which have been written. Periodically several days' worth of receipts are matched with cash from the drawer and remitted to the Treasurer's office. Since there is no requirement to reconcile receipts written to cash maintained at the Police Department, employees could use current revenue to cover past receipts. We recommend that the City implement a policy that requires receipts for any given week to be submitted along with the appropriate amount of cash by a certain day in the subsequent week. This will ensure that record keeping for these transactions is kept current and will improve internal controls over the collection process.

TIMELY TRANSACTION PROCESSING

During our audit we became aware of the fact that cash receipts as well as vendor invoices and related disbursement documentation was not always being provided to the Finance Department in a timely manner. A component of strong internal control is the timely processing and posting of accounting transactions and appropriate safeguarding of assets. We suggest that the City management and staff be reminded that timely transmission of both receipts and disbursement information is necessary to maintain internal control and facility an informed decision making process.

We wish to thank the Finance Director and the many staff involved in the audit process for their support and assistance during our audit.

This report is intended solely for the information and use of the City Council, management, and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

Rehmann Johann
